

# The AI Revolution: Key Players and Relationships

OpenAI, founded by Elon Musk and Sam Altman in 2015, revolutionized AI with GPT. The company is based in San Francisco and created ChatGPT in 2022.

Anthropic was founded in 2021 by former OpenAI researchers Dario and Daniela Amodei. They created Claude to compete with ChatGPT, focusing on AI safety.

Google acquired DeepMind in 2014 for \$500 million. DeepMind, based in London, was founded by Demis Hassabis and created AlphaGo, which beat the world Go champion.

Microsoft invested \$10 billion in OpenAI in 2023 and integrated GPT into Bing. This partnership put Microsoft in direct competition with Google in AI search.

The AI race intensified in 2023 as these companies competed for dominance.
